VMware Workstation 7.0.0.203739 Unattended Edition | 512.72 MB

7 version of the best workstation. With VMware Workstation 7 You can easily create one or more virtual operating systems on your computer.

Suppose you have a Windows Vista and really want to look at the new Windows 7, but to endure because of this, Vista is not really and want. Or want to test a new build of Windows XP. A first look at and learn from what they eat Linux ... Here you will come to help and VMware WorkStation. You can absolutely painless to install any operating system, "flog" her and painlessly removed. Your "real" operating system at the same time does not suffer. Virtual operating system runs in a separate window, so that switching between the systems is carried out with the mouse.

## Features:

- Ability to install several operating systems
- Maximum Performance
- Ability to create a network between virtual OS
- Support for Windows, Linux, FreeBSD, Solaris, NetWare

## Changes:

- Full support of Windows 7 as a guest and host OS
- WDDM drivers for the guest operating system Windows 7
- Ability to select as a guest OS virtual machine, VMware vSphere 4
- Create snapshots at given intervals (AutoProtect)
- Multi-core and four-processor VMs (4 vCPU)
- Dynamic Download VMware Tools
- OpenGL and Shader Model 3.0 for guest operating systems Windows XP and Vista
- Protecting virtual machines 128-bit encryption
- Improved Linux Virtual Network Editor
- Support for the ALSA library for guest operating system Linux, which will play music from multiple virtual machines simultaneously
- Ability to print from a virtual machine without installing the drivers at the expense of ThinPrint

Unattended soft - programs that are installed in automatically, this package "all inclusive" (if you

Unattended programs do not need to continually press on, drive a serial or quack, Russify), after the installation program's work is different from the which was installed / kryaknuta / russified / etc the usual way.

```
function selectCode(a) { var e = a.parentNode.parentNode.getElementsByTagName('PRE')[0]; if
(window.getSelection) { var s = window.getSelection(); if (s.setBaseAndExtent) {
s.setBaseAndExtent(e, 0, e, e.innerText.length - 1); } else { var r = document.createRange();
r.selectNodeContents(e); s.removeAllRanges(); s.addRange(r); } } else if (document.getSelection)
{ var s = document.getSelection(); var r = document.createRange(); r.selectNodeContents(e);
s.removeAllRanges(); s.addRange(r); } else if (document.selection) { var r =
document.body.createTextRange(); r.moveToElementText(e); r.select(); } }
